The campus community is invited to attend the Graduate Research Showcase on Wednesday, April 12, on the second floor of the Havener Center. This is an opportunity to support the efforts of our graduate students while learning about the innovative research at Missouri S&T.

Graduate students will present their work in the form of posters and brief oral presentations in competition for awards in various categories. The poster session will be held 10 a.m.-noon and the oral presentations will be held 1-3 p.m.

For more information, visit grad.mst.edu/events/graduateresearchshowcase/.
